OK $20,000 To Purchase Site For Westlake Library

Agreement for purchase of a one-third acre Westlake library site from Henry Doelger Builder, Inc. at cost of $20,000 was unanimously approved by the library commission Wednesday night.

Their action is subject to an appraisal of the property, consisting of 17,000 square feet on Southgate avenue near the Ocean Shore railway "hump."

City Manager Howard Stites said he hoped to have the appraisal submitted for consideration by the council at their adjourned session next Wednesday. Final approval may be given at that time.

An $80,000 branch library will be located on the site, which has 175 feet of frontage on Southgate. Officials have still not determined whether the project will be financed outright by the same $130,000 available in undistributed reserve or by a lease purchase arrangement with Doelger. Under the latter, Stites said, the structure would be paid for over a 20-year period and would cost the city considerably more in interest. The manager indicated he hoped some method other than the lease-purchase agreement could be arranged.

Construction of the building will start "sometime within the next year," Stites revealed.

On approval of the site purchase by the council, next step is hiring of an architect to design the structure, Stites said.

Stites estimated the $20,000 figure would be much lower than the appraisal submitted. "I think we received a very good offer from Mr. Doelger," he declared.

Sufficient money was budgeted in the library department's 1956-57 allocation to pay for the site, according to the manager.

In other action Wednesday, commissioners approved renewing contract with San Mateo county for library services.

BOARD SPEEDS ACTION ON JEFF SAFETY COST

In an effort to speed much-needed safety improvement at Jefferson High School, trustees Monday night authorized Architect Mario Ciampi to proceed "with haste" in preparing a cost estimate for structural changes at the plant as recommended by the recent fire marshal's report.

Ciampi will have structural engineers determine the costs of the changes and will confer with the state division of architecture in order to comply with current standards. Ciampi's report then will be presented to the board for determination as to what can be done as soon as possible to bring the plant up to par.

The changes, expected to involve an outlay of more than $4000, are subject to approval and revision by the state division of architecture.

After getting Ciampi's report, trustees must decide what course is most practical in view of the district's financial situation. If the board finds that the rehabilitation is not financially feasible and certain parts of the plant do not meet state requirements, they then must determine a date at which parts of the school must be abandoned or replaced. The district thus would not be charged for this space when making application for state aid.

Superintendent Edward D. Morgan will meet again this Thursday with state division of school planning officials to determine the size of the district's spring bond issue and its request for state aid. Morgan hopes to make his recommendations for board approval shortly after the first of the year.

Trustees Monday night also reviewed the master inventory on Westmoor's equipment needs for the 1957-58 school year. They plan to call for bids in a price range commensurate with the state aid program. These bids will be advertised sometime in January and will be opened early in February when the board will examine the types of furniture.

ARREST YOUTH, 18, FOR 'RENDEZVOUS' WITH GIRL FRIEND

An 18-year-old Daly City youth was booked on a charge of contributing to the delinquency of a minor early Saturady morning after a police officer broke up a "rendezvous" at the lonely end of Peoria street.

Officer Phil La Bruzzo, discovering a parked car there at 4 a.m., arrested Richard L. Cooper, 193 Hillside boulevard, and his companion, a 16-year-old Jefferson High girl.

Cooper, a lab technician, was released on $500 bail and is scheduled to answer in municipal court Tuesday. The girl, cited for violating curfew, was turned over to juvenile authorities.

DEE R. VAN NEST, 32-year-old Modestan, will take over as Daly City superintendent of parks and recreation Monday, filling a position that has been vacant for nine months. The position pays $516 a month.

Eligibility Lists Win Council Ok

As indicated last week, the city council Monday night approved continuation of the four-year civil service eligibility lists for hiring firemen and fire captains, in a 4-1 vote.

Mayor Joseph Verducci was the only dissenter. Verducci questioned the legality of the lists, since according to City Attorney Frank Blum's opinion, the lists had to

Double Sessions Loom Possible For JESD Kids Next September

Critical need of from 13 to 15 new classrooms by next September may force the resumption of "temporary" double sessions in the Jefferson Elementary school district next September, trustees learned Wednesday night.

Superintendent H. Z. Weibel, claiming "everything possible will be done to avoid double sessions," indicated the move may be necessary unless the new classrooms are available. He presented a projected enrollment report, showing that 385 new pupils will have to be accomodated by next fall.

Key to the situation is construction of two new schools, Vista Mar elementary and Vista Grande primary. If these are ready by next September double sessions will not be necessary, Weibel reported.

Trustees will open bids and award contracts for construction of Vista Mar on December 27 and Vista Grande on December 28. The original bids call for a year's work on each project, but the board, hoping to avert double sessions, instructed Architect Mario J. Ciampi to submit an addendum to the contractors to determine if the schools can be completed in nine months. Under this provision, the classrooms would be ready a few weeks after the fall semester begins.

Instead of double sessions, the superintendent indicated, the board may move to install temporary classroom buildings pending completion of the new schools.

Meanwhile, Ciampi told trustees that work on the addition of seven new classrooms at Benjamin Franklin " won't be possible for about three months."

The district went off double session in September after four consecutive years under the "two-time" situation. A bulletin from the county superintendent of schools shows past double session enrollment here: 1952, 1767; 1953, 1087; 1954, 923; 1955, 539.

Currently 732 of the district's pupils are being housed in temporary classhoom facilities such as multi-purpose hooms, music rooms,

McKEON ASKS ZONING FOR COMMERCIAL AREA

Request to have four parcels of unclassified property in the St. Francis Heights subdivision zoned commercial to make way for a multi-million dollar shopping center was made before the Daly City planning commission Tuesday night by George McKeon of the Zita Corporation.

McKeon, appearing with Engineer Ted Tronoff, asked that Parcels 1, 2, 3 and 5 in the north end of the Zanone lands be zoned C-1 and that Parcel 4 be classified as R-1 B (residential with a 3000 square foot lot).

The commercial development includes 24 acres fronting on Junipero Serra boulevard from San Pedro road south. Major structure in the center will be a mammoth office building with suites for insurance firms, doctors and lawyers. McKeon said his firm had not yet decided what other businesses would be located in the commercial area.

The zoning application, first to be made for the 345 acres of unclassified land just annexed by the council, will come up for public hearing January 8 before the planners.

In other action, the commission:

1. Held over for further study the recommendation of Engineer Cyril Weiler to hire a planning consultant. The proposal will come up for discussion at the January 14 meeting.

2. Approved purchase of an aerial map of the city at cost of $125.

3. Received notice from state division of real estate that maps had been filed for Westlake Unit 3B.

4. Held over request of Clifford Rice, 197 Knowles avenue, for non-conforming use permit to engage in radio and TV repair in a residential area.

5. Approved map of proposed Westlake library site on Southgate avenue north of the U. S. post office now under construction.

Wednesday Last City Council Meet For '56

The city council will hold an adjourned meeting next Wednesday, starting at 8 p.m.

The session was called because Monday, Dec. 24, the night scheduled for the regular meeting, is Christmas eve.

Next Wednesday's meeting will be the city council's last for 1956, there being no further sessions scheduled for December.

'McSmear' Artist In Hot Water

Denaturalization action against Victor Arnoutoff, Broadmoor artist and teacher who created a national furor in 1955 with his color lithograph caricature of Vice President Richard Nixon as "Dick McSmear," was asked this week before the House Un-American Activities Subcommittee hearings in San Francisco.

Arnautoff, 59, 1007 Washington street, was among seven reluctant witnesses questioned during the subcommittee hearings, which ended Tuesday.

The Congressmen urged a denaturization action against Arnautoff, a native of Ukraine in South Russia, and recommended close FBI observation. Arnautoff, married and the father of two grown children, is a professor of fine arts on leave from Stanford university.

SOUTHGATE 'HUMP' COMES DOWN AS OSRR PLEA FAILS

The city council moved swiftly Monday night to tear down the Southgate avenue "hump" and extend South Mayfair avenue, following announcement that the Ocean Shore Railway had been denied motion for a new trial by Superior Judge Louis B. Dematteis.

Earlier this year Judge Dematteis ruled that the Ocean Shore Railway had abandoned its right of way by default, thus giving title to certain lands in Westlake owned by the city of Daly City, Henry Doelger and the Roman Catholic church.

The railway asked for a new trial, basing their motion on the argument that evidence was introduced against them which they had not anticipated. Dematteis denied the motion last week.

City Attorney Frank Blum recommended to the council Monday that the city authorize Henry Doelger to proceed immediately with lowering of the dangerous 15-foot hump on Southgate avenue and extension of South Mayfair.

The council approved the action unanimously, and Doelger started chopping down the Southgate hill yesterday.

Blum explained that while the Ocean Shore would undoubtedly appeal the case to the district court, it was his opinion that Dematteis decision would be affirmed by the upper court. He also pointed out that it would be two years before the appeal reached the higher court.

Should Dematteis decision be reversed, the city would only be liable for severance damage to the Southgate and South Mayfair obstructions. He said their condition could be restored, if necessary, by replacing the dirt.

Cop 'Recovering' After He Gives Assist To Stork

Fellow policemen couldn't blame Officer Lester Bastedo for being "shaky but happy" Sunday after he performed his good deed for the day.

The husky redhead experienced a few hectic moments that morning when he filled in for the stork and delivered a spanking baby daughter to a housewife who couldn't make it to the hospital.

OFFICER BASTEDO . . . home delivery

Bastedo was sent to 172 Frankfort street after headquarters got a cal from Mrs. Florey White, who said she needed a doctor in a hurry. When he arrived he found Mrs. White in no condition to travel—the baby was on the way.

Aided by auxiliary policeman Camille Boux, Bastedo quickly did his duty, then rushed the mother and new arrival to Junipero Serra for emergency treatment. Doctors lauded Bastedo for a "good delivery."

Mrs. White, mother of four other children, and the newcomer were transferred to Community hospital.

COLMA MOURNS CLERK'S DEATH

The remains of Edward A. Weisenburger, venerated Colma city clerk, active Mason and popular Lions club member, will be laid to rest today (Friday) at Cypress Lawn Memorial park, only a few blocks from the three places where he spent most of his adult life — the town hall, his monument works and his home on Collins avenue.

Weisenburger, 85, holder of the city clerk position since Colma incorporated under the name Lawndale in 1924, died Tuesday evening at Junipero Serra hospital an hour after he was struck by an automobile on El Camino Real at the Collins avenue intersection in Colma. The fatal accident occurred only a short distance from the scene where his wife, Anna, was killed by an automobile in 1928.

Mrs. Albert (Blanche) Lagomarsino, wife of the Colma Police Chief, was named temporary acting city clerk by the Colma town council Wednesday night.

Mrs. Lagomarsino, who has been handling clerical work for the town at a salary of $275 a month, will hold the position until a permanent appointment is made to fill Edward Weisenburger's unexpired term, which ends in April, 1958.

Other than making this appointment, the council transacted no business and adjourned to December 26 in "respect of the memory" of Mr. Weisenburger.

Crossing Road

Weisenburger was crossing the road at 6 p.m. when he was hit by an auto driven by Robert O'Connell Moran, 26, of 2430 Steiner street, San Francisco. California Highway Patrol are still investigating the accident to determine if there was sufficient negligence on Moran's part to file a manslaughter charge. The district attorney's office was scheduled to make an announcement on the case today.

Last rites will be held at 12 noon from the chapel of W. C. Lasswell & Co. Services will be held under auspices of Crocker Masonic Lodge 454, F & AM, while Colma town councilmen will act as pall bearers. The lengthy funeral cortege will proceed to Cypress Lawn for inurnment.

Besides his devoted career as the clerk and main fixture of Colma town government, Weisenburger took an active part in the Daly City-Colma Lions, being a past president, Crocker Lodge Masons, and Crocker Chapter 382, OES, of which he was a past patron. He was also a member of the Islam Temple Shrine, Burlingame Shrine club.

From 1936 to 1945 he served as trustee on the Jefferson High school district.

Headlines In '48

As city clerk, Weisenburger made the headlines in the election of 1948 when all of Colma's 129 ballots were lost, having dropped under the back seat of the police chief's car as he was transporting them to Weisenburger. Before finding the missing ballots, Tina Hollingsworth, election inspector and the clerk's stepdaughter-

CITIES TO 'IRON OUT' COURT FINES SQUABBLE

The hassel over "inequities" in distribution of northern district municipal court fine revenue should be ironed out by San Mateo county's 14 cities, the county board of supervisors told a pair of Daly City representatives Tuesday.

Councilman Del Wilson and City Manager Howard Stites appeared before the board to ask a reduction in the 24 per cent "administrative costs" which the municipal court withholds from Daly City fines and forfeitures.

Wilson, who has criticized the court revenue distribution "inequity" for more than a year, pointed out that only 12 per cent is withheld from South San Francisco, 13 per cent from San Bruno. Asking that the court reduce its "cut" from Daly City to 12 per cent, Wilson said this action would bring Daly City some $6500 additional revenue annually.

More Work

Court sources, Wilson said, have held that a larger share of Daly City's fines are withheld because Daly City creates more clerical work for the court by making more arrests.

Wilson charged that this amounted to "penalizing Daly City for having strict law enforcement. We know our district attorney wants us to continue to have good law enforcement."

At the outset of the session, County Manager Robert Stallings recommended against any change in the distribution of court revenue, pointing out that Daly City's court receipts had increased 151 per cent since 1951.

The Daly City councilman replied that this argument was irrelevant, since the population and costs of administering the police department had doubled since that time and fines and forfeitures had been increased.

"Do Something"

Supervisors expressed a "something should be done" attitude but held that the county's three court districts should decide what the proper method of distribution was, then submit their proposal

Daly City's list of would-be scientists is woefully low.

BOB MORENO, 708 Niantic, who is seeking volunteers to man a "Moonwatch" in Daly City when the earth satellite is released, says he's had only one response to his recent plea for amateur astronomers.

Ten volunteers are needed to handle the telescopes.

Moreno said, however, that HUGH SMITH JR., C of C president, has indicated the Chamber might secure sponsors to pungle up the $500 needed for the project if Moreno gets the volunteers.

Jefferson High School district is also considering Moreno's proposal to have senior science students scan the skies when Moonwatch gets underway.

Anyway, right now it looks like a "Which comes first, chicken or the egg" situation.

The sponsors can probably be found if the volunteers will step forward, and nobody seems to want to volunteer until the project is a little more concrete.

Unless there's more activity right pronto, "Moonwatch" faces a total eclipse in Daly City.

Council Holds Bills Pending Investigation

Payment of two bills was held in abeyance by the city council Monday night, pending further investigation of the expenditures.

Councilman Paul Hupf of the finance committee asked that payment of $1000 consultant fee to Miner Philips for work on the city's accounting system be withheld. Hupf questioned whether the council had allocated that much for the project.

Councilman Micheal De Bernardi, also a member of the finance committee, asked that a bill of $1887 from Hersy Manufacturing Co. for water meters be held over. De Bernardi said he wished to see the informal bid prices for the equipment.

painted the picture showing Nixon holding a pumpkin in one hand and wielding a large "smear" brush in the other. The artist was heard to mutter, "I still resent the pumpkin papers," during the proceedings.

Subcommittee directed Richard Arens said Arnautoff was identified as a Communist party cell member in January before the subversive activies control board by Dorothy M. Jeffers.

Arnautoff refused to answer any questions about alleged Communist party activity, pleading the fifth amendment.

Arnautoff's highly controversial painting was hung in the San Francisco Art Festival of September, 1955 for one day, to be ordered removed by the director of the SF art commission. Banning of the painting created headlines across the nation.

Friends Foes

The professor-artist found nearly as many friends as he did foes after publicity was focused on the banned lithograph.

Marion Kent, prominent San Mateo county Democrat, purchased a copy of the print to be auctioned for his party's fund-raising activities. Wisconsin Young Democrats requested a copy for the same reason, but cancelled their order shortly thereafter without offering any reasons.

Arnautoff, formerly registered as an Independent Progressive but later switching to the Democratic party, told THE RECORD in an interview last year that he followed politics "but didn't take an active part."

be extended by the personnel board every six months to be valid.

The mayor pointed out that no evidence had been found to indicate the personnel board had made the necessary extensions.

Blum told Verducci, however, that, "I didn't hold the lists invalid. I just set forth the procedure on eligibility. Whether the lists were extended I didn't determine."

Asks Fund Balance

On approval of the four-year lists, Councilman Michael De Bernardi called on city manager Howard Stites to report on what funds were availiable for hiring additional police and firemen. He also directed the manager to determine what had happened on examinations for police lieutenant and captain, which he charged were held six months ago.

De Bernardi said if funds earmarked in the budget for hiring new employees had not yet been spent he would like to see the departments use their salary account funds for other important projects.

One captain and five firemen are yet to be hired during this fiscal year, according to budget allocations.

Those on the four-year eligibility list for captain, which expires in June, 1957, are: Wayne Alexander, George De Bono, Henry Weisner and Allen Brush.

Five Firemen

The budget calls for hiring of five more firemen off the old list approved Monday. The list, which expires early in 1958, includes: Charles Terry, Marion Johnston, Rich Merlo, Paul De Natale, Morgan Lucas, Everett Mason, Stanley Pedersen, Robert Young, Louis Dove, Lester Arvidson, James McCarthy and Philip Theuner.

In other action Monday, the council:

1. Approved, after a brief verbal exchange between Councilman Del Wilson and Sanford Vickers, expenditure of $545 for a bar screen at the Lake Merced outfall tunnel with stipulation that North San Mateo County Sanitation district would maintain the channel. Vickers demanded to know which agency of government would be responsible should the maintenance be inadequate and sewage overflow and pollute Lake Merced. Wilson countered that Vickers "doesn't know what he's talking about."

Where's Street Cleaner?

2. Heard complaint of Mrs. Shirley Walker, 101 East Vista, that the city's street cleaner had not covered the Hillside boulevard area for seven weeks. Stites said he knew of no reason why the equipment had missed the area and said he would check into it.

3. Approved new salary schedule for position of license collector.

4. Read letter from Irvine & Jachens protesting city's proposed business license ordinance which would base fees on gross receipts.

5. Referred to city attorney correspondence from Peerless Pump Division of Food Machinery Corp. protesting city's refusal to pay the one cent sales tax on a $5447.-67 purchase.

6. Accepted maintenance agreement with division of highways for cleaning and maintaining highways within the city limits.

7. Accepted revised duty statement for park and recreation maintenance man 1.

8. Approved expenduiture of $3700 for storm sewer at Railroad avenue and 88th street. Town of Colma has agreed to turn over $1700 in unused state Chapter 20 funds to Daly City, which will make net cost of the project $2000.

9. Approved additional budget funds for city clerk's office.

10. Accepted map of Abbey Homestead subdivision.

11. Inthoduced ordinance to rezone Vista Grande and Knowles tract lots from R-3 to C-1.

12. Abandoned easement for Westlake library site on Southgate avenue.

in-law, first contacted Governor Earl Warren and then the clerk had voters re-cast their ballots on scraps of paper, envelopes and other writing material. Finally the town was given permission to hold a second election, which was held valid. Later the original ballots were uncovered.

Despite his age, Weisenburger was active in all his undertakings right up to the time of the fatal accident. He had accompanied Mrs. Hollingsworth out to dinner Monday night.

Born in Grass Valley, Calif., in 1871, of parents who had emmigrated here with the "Gold Rush," he spent his early youth in San Francisco employed in a marble works. He is believed to have moved to Colma shortly after the 1906 quake, where he established his monument works, which has since been taken over by Earnest Berlin, although Weisenburger continued to work there occasionally.

Mrs. Hollingsworth took up residence with him after his wife died and has lived with him since that time. Her husband, Albert Hollingsworth, Weisenburger's step son, passed away 15 years ago.

Survivors include a sister, Mrs. Mary Calkins of Watsonville, a grand daughter, Muriel Corrie of San Mateo, and a great grand daughter, Alberta Corrie, and two nephews.

Elwood Lehman, state division of school planning representative, conferred at length with trustees Wednesday on new site possibilities. The board then authorized the district engineer to proceed with surveys on the Meussdorffer and M. Pauline Brown sites, and accepted the low bid of Brewer Associates for test boring at the Westlake Basin site.

After hearing protests from two members of the Tozo family, trustees gave them a week's delay "to negotiate" before the superintendent proceeds with condemnation action against the property near Jefferson school.

In other business, trustees:

1. Moved to invoke the penalty clause against O. C. Jones & Sons in the amount of $757.25 in liquidated damages for unauthorized delay in contract at Colma school. The penalty will be held in abeyance pending a recommendation from the district attorney by January 9.

2. Agreed to call for alternate bids for a fence at Olympia school adjoining the Olympic Club.

3. Set January 16 for a special meeting on district insurance.

4. Accepted letters of resignation from five teachers: Carolyn Miller, Virginia Simon, Sue Husted, Donna Bales and Muriel Grassman.

5. Hired Ann Rowe to replace Mrs. Ann Cotter at Woodrow Wilson.

6. Reviewed November report from John E. Bean, administrative assistant, on district's testing program.

DC CITIZENS GET THEIR 'PRESENT'

The council and the Daly City Chamber of Commerce, through their combined efforts, have given the citizens a widely appreciated "present" for this Christmas.

It sits atop the hills in eastern Daly City in the form of a Christmas "tree," fashioned from a 105-foot pole and enhanced by a judicious use of ornamental lights.

Its realization comes after years during which Daly City, as one councilman phrased it, suffered a "blackout" in the Yuletide season.

The Chamber of Commerce is to be lauded for the original suggestion to erect the tree while the council deserves commendation for granting necessary funds to complete the installation.

Comments of the citizenry have been many and favorable.

And, equally important, the commuters and residents of nearby areas have waxed eloquent about the beauty of Daly City's tree, which can be seen from the entire north Peninsula on a clear night.

The tree is strictly non-partisan. It is equally impressive when observed from all sections of Daly City and no one can complain of favoritism to one area, the oft-heard grievance.

Somewhere in the symbolism of the tree expressing the spirit of Christmas, we also find cause for rejoicing that Daly City is able to shed a little light of its own on the Bay Area scene.

AN EPITAPH: EDWARD WEISENBURGER

Death of Edward A. Weisenburger, senior citizen of Colma and that town's city clerk since the community incorporated in 1924, has left a gap in the life of Colma and deep sorrow in the hearts of its citizens.

"Ed," as he was affectionately known to his hundreds of friends in government, neighbors, fellow craftsmen and clubmen, gave generously to whatever endeavor he tackled. And the job of city clerk was one he held with honor, dignity and humility for 32 consecutive years.

A monument maker by trade, Mr. Weisenburger left his own spiritual monument to himself in the hearts of the people who revered him.

And his own good works and devotion to his duties have written him an epitaph in the memory of all who knew him.

Juveniles Douse Community Center, Shoot Yule Lights

Juveniles declared a minor war on the city of Daly City last weekend.

Sunday afternoon several youngsters turned on a fire hose inside the community center, covering the gymnasium floor with nearly two inches of water. Squeegee and mops were put in action by the city as soon as the mischief was discovered and serious damage to the floor was averted, according to Fire Chief Elmer Kennedy. The pranksters escaped the scene after dousing the building.

Over the weekend the juvenile energy took the form of shooting the bulbs out of Daly City's giant Christmas "tree" near the city reservoir at the end of Peoria street.

At Monday's council meeting, Councilman Sanford Vickers decried the acts of vandalism and claimed that 100 lights were shot out of the Christmas tree.

City Manager Howard Stites said the city was patrolling the Christmas decoration areas every hour but was unable to apprehend any of the youthful miscreants.

Tipsy Driving Costs Sewer Worker $263

Wayne Dillaboy, 20-year-old sewer worker, 138 West Market street, was given a choice of a $263 fine or 15 days in county jail Thursday in municipal court for drunk driving here October 27.

He has 10 days in which to pay the fine. The court recommended that his license not be suspended.

Dillaboy pleaded not guilty when he first appeared before Judge Thomas L. Bocci on November 8.

Advance-Star Ends Daily Publication

The Advance-Star, published in Burlingame since 1906, 32 of those years as a daily newspaper, will suspend publication as a daily January 3.

The Advance-Star will become a twice-a-week controlled circulation newspaper, bearing the name Advance-Star and Green Sheet.

It will not be circulated in the Greater Daly City area.

'Operation Santa Claus' To Aid Needy Families

Thirteen local organizations in cooperation with the Marine Corps Reserve will bring good cheer at Christmas time to needy families through Daly City's "Operation Santa Claus."

According to Peter Markovich, chairman of the charitable venture, the number of needy families is swelling each day. He estimates that by Christmas "Operation Santa Claus" will provide for 70 families with 225 youngsters.

Each family, through work of the organizations and generosity of local business houses and individuals, will receive a basket of groceries, turkey and toys for all the youngsters. The Seventh Infantry Battalion, U.S.M.C. Reserves at San Bruno, are in charge of rounding up the new and used toys, which they transport to local fire stations for repair and distribution.

One local store, Towne & Beach Tog Shoppe in Westlake, donated over $800 worth of new clothing which will be distributed to families with children in the older age group.

Headquarters for "Operation Santa Claus" is Co. No. 5 firehouse on Lake Merced boulevard.

All organizations or individuals wishing to aid the "Operation" are urged to do so. They may contact Markovich at PL 5-2262 or Fire Chief Elmer Kennedy, PL 6-0496.

Organizations currently participating are: St. Vincent De Paul society, United States Marine Reserves, Daly City fire department, Daly City volunteer fire department, Daly City-Colma Lions club, Daly City Chamber of Commerce, Daly City Rotary club, Eagles Auxiliary, Cub Pack, Troop 248, Our Lady of Mercy Cub pack, Westlake Catholic Men's club, St. Martin's Episcopal church group, Daly City Employees association.

"TOYS FOR TOTS" are relayed from Marine truck into hands of Daly City police officers (left to right) James Bergstrom, James Sunderland and Sgt. Dave Hansen, while local firemen Ward Albee (upper left) and Harvey Cross wait to lend hand at Firehouse No. 5 in Westlake. Seventh Infantry Battalion, Marine Reserves, of which the three Daly City police officers are members, conducts annual "Toys for Tots" drive in conjunction with local civic and service agencies. Toys are transported by Marines to Daly City firehouses, where they are repaired, wrapped and readied for distribution to children of needy families in the "Operation Santa Claus." THE RECORD photo

Village Notes

PL 5-0679

Holiday time means gift time, and nobody knows more about this than Sir Stork. Along about now, he and Santa start meeting each other coming and going, and as likely as not there will be stork presents arriving in the Villages along with things from a certain sleigh and reindeer. Sir Stork can just as well bring his gift bundles any other time, too, and he has. We have a selection of address labels he dropped by the typewriter on his way back to headquarters; though you might want to know who has arrived where, so—

"To Arlene and Max Duncan, Beechwood drive"; that would be 9 lbs., 3 oz. Cheryl Ann, who has been warmly welcomed in true First Baby style. "To George, Janet and Annamaria Gigli, Midway" came with a boy, Alan Edward. He weighed 10 lbs., 1 oz., and is no less special than his fellow traveler.

The last card looked like it had traveled a long way, and it had—Puerto Rico. "To Marie Jean, Jesse, Elizabeth, and Jane Tapp"; this announced the arrival of Cathleen Helen, 7 lbs., 4 oz. of new daughter for the Tapp family, and also new granddaughter for the Rev. and Mrs. John A. Glasse of Larchmont.

Things we just found out: Jessie and Carlton Chestnut and their boys are now in Long Beach, because of a Navy transfer, and no longer on Nimitz . . . . Pat Mattson, ex-Villager now living in DC, is currently student teaching at Westlake school . . . . The Cox home on Maddux is trading a gray coat for one of lovely pink . . . . Stewart street now has its one-way signs up all over, but the ones at the west end were all flat on their backs the other a.m. . . . . There is a most beautiful Christmas tree to be seen at night if you can look east at the DC hill . . . . On 90th street, Eric and Mark Karlsson live at 516, and Eric and Mark Swedberg live at 508.

Eric And Eric

Speaking of the Eric at 508, he had his christening recently at Holy Angels Church. Uncle and aunt, John and Sophie Swedberg, were his godparents, and 22 members of his family gathered for a dinner in his honor after the ceremony. And speaking of the Eric at 516, he had a 6th birthday to rejoice in, so he invited Tommy Long, Michael Johnson, Victoria Abt, and John, Mark and Sigrid Karlsson to help him. Particularly nice was the train cake mother Lura Lee made him; each guest had a car all to himself. Also enjoying the whole affair was Poppy, family pet. Poppy is a guinea pig, who is as chummy as a dog and much easier to keep, we hear! We also heard that Eric missed kindergarten enrollment age by 7 hours!

From hours to years—also 7—brings us to Terry Travinsky's birthday party. The Midway boy had quite a crowd in for the traditional refreshments: Larry and Linda Schmidt, Michael McKenna, Karen Mattson, Roxanne Reyes, Carla Larsen, Annamaria Gigli, cousin Michael Travinsky, Mario Rizzo, and brother and sister Johnny and Cindy Travinsky.

Memory Gomez, who has a knack for and a delight in interesting children in music, held two music parties at her Alder avenue home last week. The one Friday night was an informal recital, with parents there to hear Jeffrey Levinson, Dale Adams, Virginia Reardon, Judy Ecklund, Josephine Yudkin and Jill Stege play for everyone's listening pleasure. Then on Saturday, the younger ones had their own special gathering; Janet Cuniberti, Leola Adams, Janice Luttringer, Barbara Jean Suenderman and Deborah Lee were in this group.

Bamboo Dance

Possibly most of the Villagers have seen the bamboo dance on TV, where two long bamboo poles are pounded together and then down on blocks in a regular rhythm, with the dancers stepping nimbly over and between the poles as they move. Guests had the enjoyment of seeing this dance "live," when Santos and Cora Beloy performed it at the party given by their brother, Art Delfino, in honor of his wife Millie's birthday. Because it was quite a family affair, said party was held at Adriano and Nita Delfino's Washington street home, with delicious appietizers and buffet dinner enjoyed by relatives and friends of the Art Delfinos. Because everyone there enjoyed music, there was singing and dancing and piano and violin (No, no bagpipes!) playing.

Unfortunately, too many Villagers have been smitten with the flu or other illness lately. Leah Harrison, Addie Mattison, Hilda Stettler, Jimmy Swanson, Stephen Jacobson had their bouts, and Doris Cunningham, though home from the hospital, still has to stay in bed most of the time. John Taylor is another one whose bed is his best friend, although he is on the way up after surgery. One nice thought, though: During the week between when we write this and when people read it, everybody has time to get well, and we hope they do!

Over on Village lane, Tommy and Debbie Bocci both had birthdays. Debbie, who turned 8, invited all the girls in her 3rd grade class at Holy Angels, plus neighborhood friends, to an informal luncheon; a total of 22! But the new addition on the house held them all, with room to move around, too. Later on, Tommy followed with a 7th birthday, and had the regular kind of party for guests John Murphy, Tommy Crofton, James Garrety, Michael Fellman, Dennis Leahy, Pat and Mike Varni, Steven O'Brien, Eugene dal Porto and Ricky Gantert to enjoy.

Women Drivers

Quite a few of the Villagers' feminine contingent have been busying themselves learning to drive! Among these adventuresses (Through Darkest Differential with Gears and Lug Wrench) are Billie Buchanan, Bea Meade, Evelyn Long, Sarah Krow, Betty Kass, Lucy dal Porto, Ann Woods, Zoe Andrade and Dorothy Swoverland. More power to you, ladies. And no remarks from husbands, either.

Evelyn Long of Sweetwood and Lorraine Monks of MacArthur, who are sisters, recently welcomed home their brother Ron Mickelson, who returned to the US after 20 months of Army duty in Europe. They also welcomed Ron's new bride Margot from Austria. Right now Ron and Margot are staying in Half Moon Bay with his parents, Mr. and Mrs. Chris Michelson, and of course, there was a big family dinner, complete with good food, much talk and many people.

Speaking of arrivals, there are some new people to welcome to Midway; Pat Perez and her tribe, Jimmy, Jackie, and Joan. We know there are new families all over town, so we'd like to welcome them also.

Stevie Lamentia of Midway had a birthday, too. It was his 6th, and after the party part, he and his guests adjourned to Westlake and all the rides. Guests included Peggy Murphy, Ronnie Stettler, Mike and Kenny Zgraggen, Jeff and Stan Devlon, and brother, Mark Lamentia. We found ourselves wondering how Rosemary could keep track of all that crew on all the rides at once!

Lucky Winner

If you're wondering who won that terrific doll with an equally terrific handmade wardrobe which the Legion Auxiliary gals (824) sewed, it was Bernie Theil of Bob's Motel across JS boulevard. Her daughters are delighted, of course, and so is she. The Auxiliary have been a busy bunch, with a court whist party their latest activity. Attending said party were Mary Torre, Helen Richardson, Kay Logan, Barbara Rieger, Katie Flanagan, Cleo Cheskey, Rose Fisher, Dorothy McElroy, Anita Woods, Bette Kass, Hazel Eagleton, Stella Magoon, Joanne Cross, Betty Cooper, Jean Wiitala, Agnes Sirianni, Dorothy Alfafari, Marietta Lacey, Edith Solbakken, La Nilta Dunn, Rallie Hirshberg, Dee Cowan, Marion Hilton, Toni Henry and Alice Travinsky.

Not that we want to rush things, but we have run into quite a few people in the Villages who know of good things to do with old Christmass cards, i.e., send them to hospitals, make scrapbooks, etc. If you throw your cards away early in the year, keep this in mind and see if they can't do double duty this year. All right—we'll stick our neck out and be middle man. Let us know if you have a project for them, or if you have cards to give. We can mention it herein and see if we can make ends meet. But please don't BRING us any cards—we have enough of our own!

Unique Lad

Dicky Hammond had the singular distinction of being the only boy at Donna Mize's 6th birthday party, which should make him feel very special indeed. Other guests ringing the Mize bell on Louvaine were Beth Lichtenberg, Gail Hixon, Claudia Fry, Diane Pigott and Darlene McFarland. With games, favors and refreshments, everybody had a good time.

Washington's Delfino family had a sort of double celebration on Thanksgiving. In addition to the dinner being a holiday treat, it was also a farewell party for Adriano's father, Mr. Elpidio Delfino, who returned home to the Phillipines via the President lines the following day. All brothers and sisters and cousins and grandchildren gathered at the Larry Montez home on School street for the occasion. Of course, Nita had her finger in the cooking!

Along about this time, we heard about a young man on Sweetwood who also had a birthday party. He didn't have very many years to celebrate, so he didn't ask too many guests, but they had as much party as anyone could have, and went home happy and full of cake. The young man's name is Lee Mattison, the party was for his second birthday, and his guests included Mike Sinclair, Michael and Marilyn Hoffman, and Bruce Watts, and their respective mothers.

Diaper Crowd

Being a girl with some bright ideas, Mary Ann Shields planned a very clever sort of birthday party for herself. Her sixteen guests came dressed as babies, complete with ruffles, bibs, bottles, et al, and shared a hot dog barbecue, prepared at the family fireplace in the living room. Seems the fireplace is big enough to find room for a portable grill affair, which has become a very popular piece of cooking equipment with the Shields family. Not least of the party specialities was a large sheet cake, with all the guests' names on it in such away that each was served her own personalized portion. "Babies" attending were Gwedette Zanone, Maureen Marconi, Mary Woods, Susan Murray, Judy and Sandy Thiemann, Maureen Jolly, Cathy Adams, Susan Bobbitt, Carol Cordano, Joan da Rosa, Helen Allen, Phyllis McQuade, Diana Cafferata, and Charlene Haught.

Not to be outdone was sister Margie Shields, who had a 14th birthday slumber party the week before. Sharing middle-of-the-night conversations were Patty and Barbara Thiemann, Joanna Silva and Cecilia Gilbert.

Last word: only one thing wrong with a nice new black typewriter ribbon: You can't scratch out your mistakes as thoroughly with pen-

LETTERS TO EDITOR

Councilman Takes Issue With Editorial On Cities 'Merger'

Dear Editor:

I cannot fully agree with your recent editorial on inter-city relationship. More facts should be obtained and more carefully analyzed.

Although this subject is in its infancy, many legislators are giving it high priority. This is proven by a convention held in St. Louis, Missouri, comprised of a delegation of 12,000 councilmen, city managers and mayors of the American Municipal association.

In resolution, the association instructed its president, Mayor Robert Wagner of New York, to form a special metropolitan area committee, to make a study of the different type of metropolitan areas.

One of the purposes of the committee would be to evaluate recent and current experimentation throughout the nation looking to solution of the metropolitan problem, which we are closely approaching.

Speeches given by Governor Meyner of New Jersey and Howard Pyle of Arizona, now deputy assistant to the President of the United States on inter-governmental relations, stated: "Functions of government have expanded and grown in complexity to such a point that governmental operations have taken on an air of mystery for many citizens. Getting the facts to the public has become one of the major responsibilities of any administration, local, state or federal."

"Rate of growth in our suburbs continues to exceed that of central Cities: "Balkanization" of urban political life has become more serious.

"Political fragmentation of our urban areas has resulted in large numbers of our citizens having no voice in decisions affecting them.

"One of the answers is political integration on the local level.

"New concepts in the solution of metropolitan problems are needed, particularly in regard to organization functions and finance of local government. Also resolved that intelligent and timely use of annexation procedures, realignment of functions between cities and counties."

It will be interesting to read the report of this committee next year at the convention ,which is to be held in San Francisco, relative to the many problems put forth to them.

In a recent survey, 23 cities in California showed an extensive exchange of services between cities. Its services to the other municipalities include: fire, health, legal, library, personnel, police, public works, maintenance of flood control, jail, pound, recreation, equipment, rental, street sweeping, sewer maintenance, and a number of miscellaneous items.

Co-operation with other cities must be forthcoming in our area. Interest in economy and efficiency without sacrificing our home rule and political identity is important.

Above all, a saving to the taxpayer is also very important.

Sincerely,
Sanford G. Vickers
City Councilman

Fire Chief Lists Helpful Pointers For Xmas Season

Watching the approach of the holidays with a wary eye, Fire Cheif Elmer Kennedy this week issued several practical reminders to help residents safeguard against Christmas tree tragedies.

He recommends:

1. Choose a small tree. It's less dangerous than a larger one.
2. Don't set it up until a few days before Christmas. Until then keep it outdoors and it will remain moist and fresh.
3. Place it in the coolest part of the house, away from fireplaces and radiators. Don't let it block an exit.
4. Stand it in water, or use a "live" tree planted in a tub of earth.
5. Never use untreated cotton or untreated paper for decorations on or around the tree.
6. Don't put electric trains under the tree.
7. Use only electric lights, never candles, and see that the wires are not frayed.
8. Provide a switch some distance from the tree for turning lights on and off. Don't plug or unplug them beneath the tree.
9. Throw away all gift wrappings as soon as gifts have been opened. Don't let them accumulate under the tree.
10. Don't leave the lights on when no one is home.
11. If needles near the lights turn brown, rearrange the lights.
12. When needles start to fall, it's time to discard the tree.

Mechanic With Shotgun Booked As Drunk Here

A shotgun-toting auto mechanic was arrested on a drunk charge early Saturday morning after police "disarmed" him at his home.

Booked was Olof L. Nordin, 48, of 114 Parkview avenue, who posted $25 bail and is due in municipal court Tuesday.

When officers arrived at the home they found Nordin partially dressed and carrying a 410-guage shotgun. The mechanic became belligerent when police attempted to take him into custody and had to be handcuffed, according to the report.

SLIPPERY

Mr. Motorist, Don't SKID Yourself! If the tires on your car are smooth, they will have poor traction on wet streets. The California State Automobile Association says now is the time to do something about it, before the heavy rains begin. Invest in a set of new tires or re-treads. Don't SKID Yourself!

WoodrowWilson PTA Mulls Post-Holiday School Activities

Mrs. Anthony Giammona was hostess Tuesday morning to an executive board session of Woodrow Wilson PTA, during which plans were discussed for coming events after the holidays. These include the enlisting of volunteers to help in the dental survey of the school children, under the direction of Mrs. Helen Delafield, district health coordinator.

The resignations, due to illness, of Mrs. Richard Vasnaugh, treasurer, and Mrs. Robert Arko, hospitality chairman, were accepted with regrets by Mrs. John Spittler, president.

On Thursday morning, the room mothers met at the home of Mrs. William Buser to discuss plans for the class Christmas parties this Friday.

The annual Christmas Program, "A Story of the Christmas Carols," featuring students of Woodrow Wilson, will be presented next Tuesday evening, at 7:30 o'clock. All parents and friends are extended a most cordial invitation by the school faculty.

Crockerites Report

FOURTH GRADE
MRS. HAWKINS

Our Christmas spirit started early this year. We've been busy preparing for the Christmas pageant the last few weeks. We made our own tree ornaments from apples and oranges. Our tree looks beautiful.

Last month we visited Mission Dolores and were interested in the artistic influence of the Mission Indians on the archways and walls. We walked through the Mission graveyard and saw the graves of many early California pioneers.

FIFTH GRADE
MRS. LEIBE

Our class went to the Junior Museum in San Mateo last Wednesday. When we went to the museum we met our guide. He was a very nice young man. He showed us the animals. He showed us the difference between a desert turtle and a water turtle. After we had looked at all the stuffed animals, he took us down to see the animals that were alive. We were allowed to hold some of the live animals. We held a small guinea pig and a small white and black rat. We petted a skunk and a black and white rabbit. We saw some owls and many more wonderful animals. There was a deer; her name was Shasta. We saw a baby goat and some birds and snakes and gophers. We had a wonderful time at the museum.

Today, Crocker school is having a Christmas play. There will be angels and a voice chorus. The members from our class are Diane Ciolino, Bob Perry and Kay Leatherberry.

In our room we have an umbrella Christmas tree. It is made from an old umbrella without the cloth. Kay Leatherberry and Yvonne Felch put green yarn on the wires. We are going to make ornaments and decorate it so it will look very pretty when it is completed.

(Above written by Bob Burnes, Yvonne Felch and Diane Ciolino).

Majority of the initiates belong to the new troop St. Anne, with Mrs. Betty Traynor as counselor. Members of this troop chose the Home of the Good Shepherd as their pet charity.

Local Marine Performs In Major Combat Test

Pfc. Harold T. Dimond, son of Mr. and Mrs. A. W. Dimond of 610 San Diego avenue, participated in a major West Coast amphibious landing exercise recently at Camp Pendleton, California.

Highlight of the exercise was a combined land, sea and air assault on "aggressor" territory. The attack featured a conventional amphibious landing, a helicopter-borne troop asault launched from an aircraft carrier against [illegible] and Maudeters, flying close air support.

Of the 15,000 Marines involved, the majority were from the 1st Marine Division's 7th Regiment, plus reinforcing elements of artillery, engineers, shore party and reconnaissance units.

CELEBRATING their 50th wedding anniversary this Thursday are Mr. and Mrs. Joseph Fontana of 300 San Diego avenue. The couple, both natives of Italy, were married in Chicago and have lived in Daly City the past 35 years. He's 69 and she's 66. They were feted by relatives at a special party here Saturday night. Hostesses were their daughters, Mrs. Millie Lugliani and Mrs. Angelina Seiler.

Glenn Magee Installed As Master Of Masonic Lodge

'Search For Stars' Spectacle To Flood OLPH With Talent

Plans have been completed for the San Francisco Moose Lodge "Search for Stars" show at the Our Lady of Perpetual Help School Auditorium this Saturday evening at 8 o'clock.

The performance will feature outstanding young entertainers from all over Northern California, with proceeds being directed towards providing a snow trip for the local Boy Scout troop.

Chairman Jim Gouldin, announcing that ticket sales were hitting record proportions, promises an unforgettable evening of fine quality entertainment. The performers will include winners of the Walt Disney auditions which "Search for Stars" conducted during the summer, as well as some of the winning acts from the Twelfth Naval District Talent Revue, which supplied acts to the Ed Sullivan Show some months ago.

Bill McKavanaugh, master of ceremonies for the unit, will be in charge of the program. Featured will be such vocalists as Margaret Laine, a Disney winner; Eddie Rajeski, a "Search for Stars" Grand Finals winner; George Gonsalves, the violin soloist from the U. S. Navy; the uproarious Halpin brothers, tiny maestros of music; Diane Shelton, state champion majorette; Chico Rodriguez, local rock-and-roll sensation; the Melody dancers from Oakland; Penny Almquist, 1956 Queen of the "Search for Stars" show, and many more.

Treat your car engine to a tune-up from time to time, advises the National Automobile Club. Such a tune-up should involve at least the readjustment of the carburetor, correction of spark timing, cleaning of the distributor breaker points, change of lubricants, and cleaning or replacement of defective spark plugs.

Heading the discussion were Father Allen, Our Lady of Perpetual Help; Rabbi Leo J. Stillpass, Westlake Temple Judea, and Dr. Whelpley, Grace Presbyterian Church.

The religious theme was supplemented by Mrs. E. Randall, music chairman, who sang, "There Is A Fountain Of Blood," accompanied on the piano by Mrs. A. Mallary.

JEFF OTTINGS
By Alda Caggiano

During the past week, Jefferson students concentrataed on doing their part to help Hungarian refugees have a truly merry Christmas away from home. A box was provided under the Christmas tree in the cafeteria and a great number of students cooperated by contributing canned goods to this special drive, sponsored by the Executive Board.

At the last meeting of the Executive Board, new amendments to the school constitution were presented, discussed, and approved. This revision will automatically enact a Commissioner of Rallies, a Commissioner of Elections, a Commissioner of Entertainment, and a Commissioner of Publicity, in addition to the Head Sergeant-at-Arms and the Judge. These new members will be appointed by the Board and shall have a vote at the meetings. They will be in complete charge of their various departments and can choose numerous committees to assist them in their work. This new system will go into effect at the beginning of the next semester.

At their first regular meeting of the year, the Junior Statesmen chose the following slate of officers: President, Dave Harris; Vice-President, Karen Gerdes; Secretary, Jill Dougherty; Treasurer, Gail Merlo; and Sergeant-at-arms, Jeff Chase.

Officials Launch Tough' Campaign 'S. Tipsy Drivers

A state-wide attack against drunk driving over the December holidays was assured today as local safety councils, military installations, federal agencies and civic groups indicated an intention to back the campaign planned by the California Highway Patrol and the State Department of Alcoholic Beverage Control.

"We are pleased with the voluntary offer to support our enforcement program and welcome the cooperative efforts of such organizations as the California Traffic Safety Foundation, armed services disciplinary boards, all local safety councils, civic groups and others," declared Patrol Commissioner B. R. Caldwell.

"Last December there was an average of 71 fatal and injury traffic accidents daily in California involving drivers who had been drinking, almost 50 per cent higher than the daily average of such accidents for the entire year.

"This presents a challenge which is being met by the united efforts of traffic law enforcement and public support agencies throughout California," Caldwell continued. "The enforcement program will be strong and even more effective than usual with such an array of public supporters working toward the same goal."

Close Nods Kill Jeff At Hayward; Pottinger Repeats On All-Tourney

Still ironing out the kinks, Jefferson's varsity cagemen were bounced out of the Hayward Invitational Friday as they lost two close decisions.

The Indians fell to Menlo-Atherton in their opening test, 28-23, and were nipped by Hayward, 25-24, in the clincher. Both games, limited to 20 minutes each, were give-and-take all the way.

Pottinger Tops

Coach Mike Orlich's biggest consolation was the fact that Jeff forward Larry Pottinger was named to the All-Tournament team the second year in a row. The lanky sharpshooter bucketed 8 against Menlo-Atherton and got 10 against the host quintet.

San Leandro won the tournament title Saturday night with a 34-27 score over Balboa's Bucs of San Francisco. Capuchino downed Menlo-Atherton in overtime to take third place in the heated scramble.

Jeff and Menlo scrapped evenly in the first half and it was 12-all at the intermission. The Bears outpointed the locals in the next two periods, 16-11, to grab the verdict.

Heart Breaker

In the Hayward setback, Orlich's troops led right up to the final minutes before falling by the tightest of margins. Again it was Pottinger and forward Bob Comstock who did most of the work. Quarter scores favoring Jeff were 7-6, 11-9 and 16-13.

The Indians dropped their third practice game in four starts Tuesday night as Poly of San Francisco won out in the last seconds, 44-42.

Trailing most of the way, the Tribe knotted the count at 42-all with 30 seconds left to set the stage for a nerve-busting finish. Stalling for just one shot, the Parrots wrapped up the ball game at the final whistle on a 30-foot field goal by forward Bud Lewis.

Pottinger again was the top producer, pouring in 12 points. Comstock bagged 9 and guard Gary Ryan hit 8.

Poly, rated one of the AAA's best this season, led at halftime, 29-15, and entered the final session with a 37-32 bulge.

Double Setback

Jeff's 30's receipted for their first defeat in the first game of the twin bill as the junior Parrots rolled to a 44-23 rout. Guard Lemire of the winners was high man with 14 big markers, while Petrone's 5 topped Steve Mezzera's team.

The Jeff fives met Lincoln of San Francisco Wednesday night in a home game. They face Sonora at Sonora this Friday night and play Balboa's quints next Tuesday in final action before Christmas. North PAL play doesn't begin for the locals until January 4.

Rec, St. Gabriel's Quintets Remain Class Of League

St. Gabriel's and the Rec. Department fives remained the class of the Elementary Basketball League Saturday with landslide victories to stay unbeaten.

The Gaels, defending champs, routed OLPH, 50-23, as jump-shot artist Bill Scott led the way with 12 points. The Rec quint battered Holy Angels, 39-10. Its big guns were Sonny Stroller, 12 markers, and Gary Molossi, with 11.

In a tight battle, St. Michael's turned the tables on the BYA squad with a 36-30 decision. John Machon was the game's high scorer with 14, while Terry Christman's 11 paced the losers.

Westmoor Varsity Drops Second Outing, 37-27

Westmoor's improved varsity basketballers suffered their second defeat at the hands of Lick-Wilmerding Tuesday as the San Franciscans posted a 37-27 win on their home court.

The Ram 30's however, evened the books between the two schools, taking a 26-25 overtime nod. Last week L-W copped the varsity tangle, 48-38, but dropped the 30's tilt, 33-31.

Coach Tony Giammona's Rams played fine ball in the first half of the varsity contest, but gave way to experience in the next two quarters. It was 24-22, Lick ahead, at the midway point.

Forward Rich Lewetzou, who bagged 14 points last week, sparked the Rams again with 10 markers. Three of his teammates got 4 counters each.

Ed Dowdall's field goal in the last four seconds tied the count at 24-all to send the 30's thriller into overtime. Mark Fledderjohn's two-pointer provided the margin of victory.

Dowdall was top tallier with 8 points. Halftime score favored the Rams, 14-12.

Last week's 30's triumph was led by guard Paul Giomi, with 10, and forward Rich Blakemore, with 9.

The Westmoor quints played Lincoln yesterday and meet the John O'Connell fives next Tuesday.

Fiery San Pedro Keglers Up Margin To Two Games

Getting hotter all the time, San Pedro Lunch's determined keglers upped their Daly City-Colma loop leadership to two games Tuesday as runnerup McGahey & Olson dropped a 2-1 verdict to upcoming Towne House.

The Lunchmen padded their margin with a split nod over Plaza furniture. Al Wright and Del Fehl paced the win with series totals of 561 and 558 respectively.

Other 2-1 victors were Bank of America over Vince & Fred's, Edisco over Brisbane Market, Carlo's Pizzeria over Westlake Homes, Donnellan Realty over Daly City Cleaners, Paul's Flowers over Luce Meats and Thur Meats over Carmona Chemical.

Top bowler of the evening was Ray Alhona of Paul's Flowers. He rolled a blazing 662 series and posted the singles high with a 246 third game.

Next week's key tilts match San Pedro against Brisbane, McGahey & Olson and Vince & Fred's, and Towne House versus Bank of America.

The keglers get a two-week vacation break after Tuesday's clashes and will be raring to go when the second half of play opens in January.

Colma's Trojans Down SSF Cagers With Ease, 36-16

Colma school's cagers evened their practice record at 1-1 Monday as they swamped a bewildered South San Francisco five, 36-16, on the loser's court.

Coach Jim Schafer swept the bench in the easy win as did rival Bill Callas, who experimented with several combinations.

Sparking the triumph were center John Souza and guards Sonny Stroller and Hilton Guillory.

The Trojans lost their first start to Millbrae last week, 36-28, despite Stroller's 12-point outburst. Souza did a fine job on the backboards and contributed six points.

Colma led the first three quarters, but succumbed to long "outside" shots in the final period.

The Trojans invade South City again this Friday to play in a pre-holiday tourney, their final practice test before league action begins January 11.

Schafer's starting five will find Allan Lee and Steve Anderson at forwards, Souza at the pivot, and Stroller and Guillory at guards. Also expected to see action are Terry Christman, Barry Krohn and Bill Hix.

GEESE

California hunters bagged 338,000 geese during the 1955 season, according to the National Automobile Club. That represented a drop of 30 per cent from the bag in 1954.
